March 11, 2021

Dear CertainTeed Canadian Commercial Roofing Customers:

Canadian Commercial Roofing Price Increase
Effective May 1, 2021

We hope you and your network are safe and healthy. We appreciate your continued support of CertainTeed during these challenging market conditions. As a company, we strive to understand customer needs and to meet the changing market demand. Controlling and offsetting cost inflation throughout our supply chain and organization has been a high priority throughout this year and will continue. However, due to rapid escalation in our raw material and associated finished goods costs, CertainTeed is announcing a price increase on all commercial rolled roofing products by up to 5% and up to 10% on commercial accessory products effective May 1, 2021. Commercial Roofing Accessories include, but are not limited to: insulation boards, fasteners adhesives, primers and liquid flashing products.

Orders shipped after May 1, 2021 will be invoiced at the new price, regardless of order entry date.

Your CertainTeed Roofing Territory Manager will contact you with specific price increase amounts by product, and will be happy to answer any additional questions you may have.

We appreciate your continued support of CertainTeed Roofing.

Sincerely,

Jake Clegg
National Sales Manager, Canada
