Dear CertainTeed Canada Residential Roofing Customers:

Canada Residential Roofing Products Price Increase: **Effective April 14, 2022**

Due to the continued volatility in the market for raw materials used in the manufacturing of asphalt shingles, CertainTeed will increase prices for residential roofing shingles and accessory products by up to 10%, effective as of April 14, 2022.

While there is continued speculation in the marketplace, our data shows that we can expect to see the current trends in raw materials to continue for the foreseeable future. All of our raw materials are being affected but some most impacted are oil derived materials such as asphalt, as well as energy and packaging.

All Orders shipped on or after April 14, 2022 will be invoiced at the new price, regardless of the order entry date. This increase will include all shipments. We will provide you with specific amounts by product as we get closer to this date.

Your CertainTeed Regional Manager and Territory Manager will assist in answering specific questions regarding these increases.

We appreciate your continued support of CertainTeed Residential Roofing Products.

We appreciate your continued support of CertainTeed Roofing.
